

HARVEY PRAISES SETTLEMENT OF THE BRITISH BERT

Makes Address at Annual Dinner of Pilgrims Last Night

(By The Associated Press)
LONDON, Feb. 28.—Ambassador George Harvey, speaking at a dinner of the Pilgrims tonight, given in honor of Stanley Edwin, chancellor of the exchequer, said, "We have met to celebrate a great achievement, I do not think I exaggerate when I announce it a really vital world problem since the armistice. It involves far more than the great financial transaction represented in history. It is the firm belief of mutual respect of friendship of the two great nations to which the entire world looks for the preservation of solace and stability which are essential to the prosperity and happiness of all mankind."

The task was one of appalling magnitude, said Mr. Harvey and the adjustment of terms relative to the understanding of the world. "The understanding of the world," he said, "has been reached in any other light than that of failure if the agreement could not win the approval and reasonable satisfaction of the millions of persons who comprise the British empire and the American republic. That object has been attained."

Recounting the circumstances under which the debate was incurred, Mr. Harvey said that the understanding of the world was reached when the United States joined the allies was for munitions, clothing and food, which the United States was to supply but the process was less easy than might be supposed.

"Our treasury had no available funds," he exclaimed, "and could obtain adequate sums only through taxation and the pledging of its credit. Both methods were used to the limit of their capacity."

Ambassador Harvey combated the assertion that the United States had refused to make huge advances to the other allies unless payment was guaranteed by Great Britain declaring that Great Britain was never asked to guarantee the payment of a single dollar loaned by the United States for the use of any country other than Great Britain herself.

The United States according to the American voluntary gave a pledge that Great Britain should not be held to account for any portion of the supplies delivered to her republics for transportation or to be used by another ally.

"In point of fact," he continued, "A very considerable percentage of the debt of Great Britain to the United States was incurred in the purchase of food and clothing for people living in England."

Mr. Harvey pointed out that the first advance made by the United States to any ally was hundreds of millions of dollars to Great Britain to enable her to discharge a pressing obligation and maintain her waning credit, and also that the United States had released to Great Britain a huge amount of the highest class bonds and shares as security.

"The obligation thus discharged," added Mr. Harvey, "surely asking for the repayment of such a loan could not rightfully be regarded as an act of a Shylock demanding his pound of flesh."

The American told his hearers that the United States had been obliged to borrow \$4,000,000,000 because it had loaned \$50 million pounds to England and also that the United States had borrowed and loaned to the other allies \$6,000,000,000 additional, on which it had received no interest, while still paying at the rate of four and a half percent—over \$250,000,000 yearly as well as taxing its own people.

FAVOR SETTLEMENT FOR PROHIBITION DIRECTOR
Washington, Feb. 28.—Senators McCormick and McKinley, of Illinois, said today they had arranged for the appointment of William Settle as prohibition director for Illinois, but had received no indication from Prohibition Commissioner Haynes as to when the selection would be made, or as to whether their appointment would be accepted.

SAYS IT LOOKS LIKE ANOTHER NEWBERRY CASE

Mrs. Winnifred Huck to Protest Nomination of Hull

(By The Associated Press)
CHICAGO, Feb. 28.—Mrs. Winnifred Huck, Illinois congresswoman at large, today announced that on her return to Washington she would ask a congressional investigation of the primaries yesterday when Morton D. Hull defeated her for the Republican nomination to succeed the late Representative James R. Mann of the second Illinois district.

Mrs. Huck declared she was convinced that Mr. Hull spent "large sums of money; far more than the \$5,000 limitation for congressmen," but that she was not convinced that he had defeated her by the 5,000 votes shown by the police returns and as claimed by the Hull forces.

"This looks like another Newberry case," said Mrs. Huck. "I carried four of the five wards in the district and my watchers reported that I received a substantial vote in the fourth ward."

"From that ward we were unable at first to get figures, but finally were told that the ward had gone 5,000 against me, which does not coincide with the information my few watchers gave me."

Mrs. Huck telegraphed Mr. Weeks, who has been one of her advisers and said she will lay her case before him and possibly before President Harding.

She was elected last November for the unexpired term of her late father, congressman-at-large William E. Mason.

"I was told by both former Governor Deneen and by Roy O. West, former Republican national committeeman that they must support Mr. Hull because he had given so much money to the organization," said Mrs. Huck.

"Now, I had no organization; none of the Republican factions was supporting me. But I have learned much of the workings of organizations and factions; things that I believed were fiction, but which I now know were not. Some of these things I shall publish in due time."

Mrs. Huck, who is not the first woman, was the first mother to be a member of congress.

JURY IN HERRIN TRIAL INCOMPLETE

(By The Associated Press)
MARION, Ill., Feb. 28.—Thirty-two veniremen were examined today to complete the jury in the Herring mine riot trial and when court adjourned the state was considering the last panel of four prospective jurors tendered by the defense.

Eight jurors have been definitely accepted. Two of the four prospective jurors were agreed upon temporarily by both sides.

MAKE PUBLIC SURVEY OF FEDERAL RESERVE

Chicago, Feb. 28.—Increases in the volume of production of basic industries, advance in the price of many basic commodities, additional borrowing from banks for commercial purposes and higher money rates are the recent developments in the business situation according to a survey made public today by the federal reserve bank of Chicago.

Production in the basic industries, the report said, was six per cent higher in January than in December and reached a volume exceeded only once in the past, in May, 1917.

THE DAY'S EVENTS IN WASHINGTON

(By The Associated Press)
The senate voted, 63 to 7, to lay aside the administration ship pling bill and take up the filled milk measure.

American delegates to the Pan American conference at Santiago were given detailed instructions at a conference with Secretary Hughes.

The interstate commerce commission informed the senate that the anthracite coal situation did not warrant priority orders or an embargo against export to Canada.

The British debt funding bill was signed by President Harding immediately went to work on final details to put into effect the refunding agreement.

The senate appropriations committee recommended that the federal coal commission be given an additional \$400,000 to continue its work, the house having refused to put such a provision in the deficiency appropriation bill.

RAILROAD LABOR BOARD DECISION FAVORS EMPLOYEES

Time and One-Half for Overtime Given Clerks and Others

(By The Associated Press)
CHICAGO, Feb. 28.—The eight hour day with time and one-half for overtime after the eighth hour was granted another class of railroad labor board in its decision on the dispute between the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees and several carriers.

The rule providing for one day off each week also was granted to this class of employees, both provisions of the decision being effective March 1, as was an increase of two cents an hour in the rate of freight and express employees and common labor employed about stations. Other requests for increases in pay, some for a return to rates equal to peak wartime wages were refused.

The eight hour day ruling is similar to that recently granted signalmen. Station clerks, freight handlers and express employees under the former ruling given pro-rata pay for the ninth hour and time and one-half after the ninth hour.

The board in its decision said it recognizes the justice of the principle that every employee is entitled to one day off duty in the seven. The decision states that necessary to the continuous operation of the public may be done on Sunday without the payment of punitive overtime by the carriers.

The board in its decision said it recognizes the justice of the principle that every employee is entitled to one day off duty in the seven. The decision states that necessary to the continuous operation of the public may be done on Sunday without the payment of punitive overtime by the carriers.

Approximately 65,000 employees are affected to the extent of about \$3,000,000 annually by the increases in pay granted. Only under the most exceptional circumstances would it be necessary or advisable to revise the wage rates of a class of employees before the lapse of one since such revision had occurred the decision stated in connection with the refusal to grant the other requests for increase in pay.

Involvement in the new rules of overtime Sunday workers are about 320,000 employees, many among these being of the Brotherhood Railway Station employees.

UNION BUSINESS AGENT IS SOUGHT

(By The Associated Press)
CHICAGO, Feb. 28.—Albert Green, business agent of a local union of the amalgamated meat cutters and butcher workers of North America, who was being sought for questioning in connection with the death of William Kinsella, alleged gunman and labor slugger, Monday night surrendered to the police today.

Green surrendered just as the inquest into the deaths of Kinsella and Paul Adin, 19, was being opened. Radin, who was hit by a stray bullet from the shooting affray, in which Kinsella was killed during a meeting of the union, died today.

The inquest was continued until Saturday.

TRADE ARMY SUPPLIES FOR BOOTLEG WHISKEY

(By The Associated Press)
BELLEVILLE, Ill., Feb. 28.—Some soldiers at St. Louis, Field, the government air station near here have been exchanging stolen army supplies for bootleg whiskey, according to Lieutenant James A. Healy, intelligence officer. Two alleged bootleggers have been arrested on charges of receiving stolen army property. Lieutenant Healy said he has been informed the practice has been going on for some time and he is attempting to ascertain how much property has been stolen and how many soldiers are involved.

LEADER ENDS DUTIES AS POSTMASTER

Chicago, Feb. 28.—Arthur C. Leuder, Republican nominee for mayor terminated his duties as postmaster tonight when he submitted his final report to Chief Inspector A. E. Germer. Mr. Leuder resigned when he entered the mayoralty race.

His duties as postmaster at Cleveland, as expected here, this week to assume the postmaster's duties temporarily.

Resolutions Demand Fixed Wheat Price

(By The Associated Press)
ST. PAUL, Minn., Feb. 28.—Resolutions demanding a fixed price on wheat were presented today at the closing session of the northwest agriculture price stabilization conference.

The resolutions urged that in the event congress does not pass any relief legislation at this session that President Harding call a session to provide this relief.

Considerable debate on the majority and minority reports of the resolutions committee preceded the action of the conference in adopting the majority report.

Minnesota's delegation out-numbering delegates from other states by a ratio of four to one swung a substantial majority in favor of the report adopted. Wisconsin's delegation of 17, Iowa's of 8 and the delegates from Illinois and Michigan were opposed to price fixing, North Dakota, by 55 to 3, South Dakota 18 to 3, Nebraska 3 to 2 and Montana 2 and Kansas, all favored the price fixing. The Minnesota vote was about 400 to 62 in favor.

Resolved, That until such a time as the farmers of the report are in a position to handle and control the marketing of their products thus enabling them to hold their own with other protected industries, we do hereby call upon congress to immediately stabilize the price of farm products on the basis of the cost of production.

Resolved, That we demand the earliest completion of the Great Lakes-St. Lawrence waterway in order that adequate water transportation may be secured in the northwest to the ocean and European ports.

"That we demand such action as will restore to the wheat growing states such standards for grain as will not penalize wheat on technicalities that do not lower its true milling value, and denounce the present grades as unjust and indefensible."

PLAN PRESERVATION OF GAME AND FISH THROUGH ILLINOIS

Izaak Walton League Outlines Plan at Annual Meeting
SPRINGFIELD, Ill., Feb. 28.—Plans for the preservation and protection of fish and game and the purification of streams were outlined here tonight at the first annual meeting of the Illinois Izaak Walton League. A campaign to accomplish these aims is to be directed by a committee of three to be appointed by the board of governors of the league.

Peoria was selected as the meeting place for next year. The following officers were elected: President, Dr. Walter Ritchie of Bloomington; vice president, Leslie G. Pfeiffer of Springfield; secretary, W. B. Camp of Joliet; executive secretary, C. F. Bennett of Chicago; treasurer, F. G. Myers of Pontiac.

The league approved the resolution introduced in the house of representatives by Representative Robert Scholes of Peoria providing for the use of funds of the state game and fish department for the purchase of game preserves.

GERMAN POLICE ARE TRANSPLANTED

(By The Associated Press)
ESEN, Feb. 28.—All the German police of Bochum and Herne arrested today by the occupation forces, have been transported away from their home towns.

The French today also occupied police headquarters in Recklinghausen and arrested two officials. It is announced that the German police force there will be dissolved.

At Dusseldorf the French seized all the tobacco, cigarettes, and supplies of two large cigar factories when the forces refused to pay the excise duty to the occupying forces instead of the German government. The duty demanded from one of these firms amounted to 350,000 marks. Both of the plants were closed.

BUGLER OF LIGHT BRIGADE IS DEAD

Belfast, Feb. 28.—Thomas Finley who as bugler sounded "charge" for the gallant light brigade at Balaklava, and thus started the wild ride immortalized by Tennyson, died yesterday at Drogheda.

Finley's death follows closely that of Thomas W. Shaw, a member of the famous brigade, who died at London, Ontario, Sunday night.

WANT PROBE OF RESERVE BOARD

Washington, Feb. 28.—A resolution requesting President Harding to order an investigation of charges that the federal reserve board at a secret meeting in Washington May 18, 1922, decided upon a drastic deflation policy and proceeded to put it into operation without public knowledge was introduced in the senate today by Senator Gooding, Republican, Idaho. It was referred to the banking committee.

REFUSES MANY AMERICANS ENTRANCE

Ottawa, N.O., Feb. 28.—Canada refused 16,268 American citizens admission to Canada during the fiscal year ending March 31, 1922. Charles Stewart, acting minister of immigration stated in the house today.

OBSEQUIES SAID OVER SHIPPING BILL YESTERDAY

Administration Measure Passes on at an Early Age

(By The Associated Press)
WASHINGTON, Feb. 28.—The administration shipping bill died today just a year to the day after it was born.

On February 28, 1922, President Harding appearing at a joint session of congress, urged enactment of legislation designed to build up a merchant marine through government aid and identical bills embodying the views of the administration were in the senate and house.

Today the bill, after having passed the house meaning that its death in the senate thru adoption of a motion to lay it aside.

The end of the legislation leaves the administration where it was a year ago in dealing with the three billion dollar investment in war built ships. Plans for liquidating this investment are to be announced soon after congress adjourns Sunday.

The death of the shipping bill came quietly. Under agreement previously reached yesterday the senate promptly at 1 o'clock proceeded to vote on the motion of Senator Robinson of Arkansas, acting Democratic leader to send the shipping measure back to committee, administration leaders, including Senator Jones, Republican, Washington, who has been in charge of the legislation in the senate had indicated their opposition to this course and the motion was voted down, 48 to 36.

The final blow then was dealt the bill. Senator Ladd, Republican, North Dakota, moved that it be laid aside in favor of the filled milk bill, and the motion was carried, 63 to 7, with the Republican leaders voting with the majority.

The action meant the death of the shipping measure inasmuch as Senator Jones had told the senate he would make no further efforts to call the bill up before adjournment.

The action also was taken to mean the end of such legislation for years to come, for the administration plans no attempt to obtain consideration for the bill at the next regular session of congress.

The filled milk bill, which prohibits the shipment in interstate commerce of evaporated or condensed milk when made from skimmed milk and such oils substituted for the withdrawn butter fat as cottonseed and coconut oil was debated intermittently thru the remainder of the day. Agreement was reached for a vote tomorrow on the measure which has passed the house.

DISCUSS CAMPAIGN AGAINST KU KLUX KLAN

(By The Associated Press)
CHICAGO, Feb. 28.—A national convention to discuss the possibility of an organized country wide campaign against the Ku Klux Klan will be held in Chicago some time this spring the American Unity League announced today here. Plans to continue the rally thru the week were abandoned when Bishop Michael Gallagher, scheduled to talk tonight was unable to attend and when Governor Al Smith of New York scheduled to speak later in the week sent word that legislative business made it inadvisable for him to leave Albany.

GALLAGHER-SHEAN VAUDEVILLE TEAM IS NOT SO GOOD

Admit it Themselves and Will Rogers Substantiates it

(By The Associated Press)
NEW YORK, Feb. 28.—Edward A. Gallagher of the famous vaudeville team of Mr. Gallagher and Mr. Shean "played" for more than three hours before a court room audience today and collected only one laugh.

That was when he answered "no"—absolutely—to a question by his lawyer and the attorney came back with the rest of the team's popular line, "positively, Mr. Gallagher."

The comedians are being sued by the Shubert Theatrical company which alleges they are so good that the Shuberts are being irreparably damaged by their appearance under Florenz Zeigfelds roof and asks that they be restrained from other alleged violations of a contract with the Shuberts.

The comedians take the attitude, first that Shuberts violated the contract, and second that they aren't nearly so good as the Shuberts are trying to make them out and the Shuberts really aren't missing so much.

Gallagher testified that he and his partner, Shean were "home men" and that when they were negotiating with the Shuberts they were promised places in productions so they wouldn't have to take the road on the Shubert vaudeville circuit. They quit he said when no "productions" that would keep them in New York were forthcoming.

Declaring they were "far from unique," he enumerated a long list of teams, which he said, were "far better known" than Tombs, partner of Will Rogers, testified that Gallagher and Shean could easily be replaced.

"Could you and Rogers do it?" he was asked.

"Yes," he said.

Rogers, who testified yesterday admitted he was much better than either Gallagher or Shean, but declared solemnly that Tombs was "awful."

TWENTY EIGHT MINERS INJURED

(By The Associated Press)
WEST FRANKFORT, Ill., Feb. 28.—Twenty-eight miners were injured, eight seriously, in a collision of motor cars in the Bell and Zoller mine number 1, at Zeigler, eight miles north of here today.

The men had finished their day's work and were being carried to the shaft when the electric car in which they were riding crashed into 2 others derailing 2 cars loaded with coal. The seriously injured were taken to a hospital at Zeigler, Ill., where it was stated that none was in immediate danger.

They are O. Berry, president of the local union at the mine; John P. Prechuda, Mike Melos, Elvin Beckich, George Capmen, John Pick, Charles Mixioch and Marko Anubich.

The score of workmen slightly hurt were given treatment by first aid crews and the men were able to go to their homes.

The mine is one of the largest bituminous shafts in the world.

LABORERS WILL GET AN INCREASE

(By The Associated Press)
ST. LOUIS, Mo., Feb. 28.—The master builders association today announced that effective tomorrow building laborers would be given an average wage increase of ten percent. About 2,000 men will be benefitted. It was added, bricklayers, stone masons and plasterers will be increased from \$1.25 to \$1.50 an hour, said to be the highest ever paid these crafts here. Increased building activity was ascribed as the reason for the increases.

DEATH PENALTY FOR R. R. SABOTAGE

Coblenz, eb. 28.—By The A. P.—The death penalty is prescribed in cases of railroad sabotage that might cause loss of life and the penalties for many other offenses are greatly increased in two ordinances adopted today by the territorial Rheinland high commission.

CONSULATE WILL NOT BE REOPENED BY UNITED STATES

Harvey Notifies Britain of This Government's Decision

(By The Associated Press)
WASHINGTON, Feb. 28.—The British government was notified today by Ambassador Harvey in London that the United States had issued orders that its consulate at New Castle-On-Tyne was not to be re-opened and that disposition was to be made of the lease of the consular premises.

The decision grows out of Great Britain's cancellation of the exchequer and recognition of Consular Slater and Vice-Consul Brooks who were charged with discriminating against British vessels.

The state department was advised late in the day by Mr. Harvey that he had handed Lord Curzon British Foreign minister, a note giving the decision of the American government and its reasons for pursuing such a course.

Several notes previously had been exchanged, the one today being in reply to a communication for Lord Curzon, dated December 27.

The American note today reiterated that a thorough investigation had shown conclusively that "The charges preferred cannot be substantiated."

The note, as made public at the state department, said in part:

My Government desires me once again to point out, that although it has never questioned the right of the British government to cancel the exchequer of an American consul on the theory that he is persona non grata, it considers that when specific charges are placed they are compelled to make the most thorough investigation in order to clear or discipline the alleged offender.

My government must, moreover, call in question the accuracy of the parallel which your lordship found in the cancellation in 1856 by the government of the United States of the exchequer of the British consuls at New York, Philadelphia and Cincinnati.

The evidence against these consuls was developed in judicial proceedings which showed them to be guilty of the laws and the sovereign rights of the United States.

BRIEFS

(By The Associated Press)
Washington, Feb. 28.—Muscle Shoals would be awarded to a company to be organized by Representative John Kinsell, Republican, New York, under a bill introduced today by Representative Hogan, Republican, New York.

Under the bill the property would go to the New York company on the same terms as proposed in the offer of Henry Ford, except that there would be a \$6,000,000 payment instead of a \$5,000,000 payment to the government.

Stockholders of the Youngstown Sheet & Tube Co. today ratified the proposed purchase by that company of the Steel & Tube Co. of America, a Chicago concern. It was disclosed that the purchase price, in cash and bonds assumed, is between \$56,000,000 and \$57,000,000.

Madison, Wis., Feb. 28.—Mrs. Belle C. LaFollette, wife of Senator LaFollette in a telegram to Miss A. D. James of the Wisconsin Women's Progressive association, declared that she is "heartily in sympathy with the purpose" of the measure before the senate calling for abolition of the Wisconsin National Guard.

Senator LaFollette last week declared his opposition to the approval.

Rockford, Ill., Feb. 28.—Albert D. Early, former president of the Illinois Bar Association, died suddenly at his home here today.

Springfield, Ill., Feb. 28.—Headed by Oscar E. Carlstrom of Alledo and William E. Whitehead of Moline, a delegation from Whiteside, Mercer, Henry and Rock Island counties called on Governor Small today and asked that an east and west road touching Keithsburg and New Boston be included as part of the road building program under the proposed \$100,000,000 bond issue. The governor said he knew that a road was needed in the place mentioned and promised his co-operation.

Washington, Feb. 28.—Conditions governing the supply of anthracite coal do not warrant the laying of an embargo against the export of anthracite to Canada, the interstate commerce commission declared today in a report to the senate.

March 4 marks the end of the first half of President Harding's administration. Doubtless should compare the public welfare now with conditions two years ago. From every angle there has been tremendous improvement. Unforeseen difficulties have delayed complete fulfillment of the Republican program, but the list of achievements is sufficiently long to prove the wisdom of the voters in relegating democracy to the background and putting their faith in Republican policies and leaders.

The congestion of the legislative calendars of the Senate and House in the closing days of the session is a direct result of the bloc system. The groups that band themselves together for furthering the interests of their particular section of industry, before they attend to the welfare of the nation as a whole, frequently hold the balance of power. They serve notice that unless the majority consents to the passage of their own special measures they will not permit other legislation of national importance to pass. The fault cannot be laid at the door of either of the two major parties. Representatives of both are included in the blocs of each House. The result of their efforts has been to deny the country many of the benefits of Republican legislation, to which the people were entitled by reason of their overwhelming vote for Republicans in 1920.

A COOPERATIVE BUSINESS.

Recent regulations established by the post office department have for their object the attainment of the greatest good for the greatest number. The rule that mail will not be delivered at residence unless boxes are put up or slots cut in the door is resented by some on the ground that it is the duty of the Government to deliver the mail regardless of what inconveniences the resident may provide. That view is wrong. The postal service is a cooperative business supported by all taxpayers.

If some of us make the work of the postal employees difficult, so that more carriers are needed, all of us have to bear a part of the expense. That means that if some of us provide the mail boxes or slots and some do not, those of us who do provide the helpful facilities must pay for the refusal of others to comply with the requirements. Moreover, we not only pay but we get our mail later owing to the delay of mail-carriers. Under the old system, we waited for our letters while negligent or spiteful people kept the mail carrier waiting at the door. Under the new regulations, the carrier will not be delayed and we shall get our mail more promptly and at less expense.

Once On a Time

By Berton Braley

THE men of benignity, greatness and dignity,
Captains of commerce and trade;
Whose mighty ability, strength and virility
Make us a little afraid;
Who work so aggressively, talk so impressively—
Lose just a bit of their thrill
If we can just realize these we idealize
Once were exceedingly small!

THEY don't seem so awfully lofty and vast,
If we can just vision the days of the past,
When John Rockefeller
Was learning his spell,
And Henry Ford played with his rattle;
When Elbert H. Gary
Was chuckling of merry
And innocent infantile prattle;
When William J. Bryan
Would slouchy lie on
The eiderdown quilt of his crib;
When Gompers wore rompers,
And Schwab wore a bib!

WHEN Lodge, the proud senator, vexed his progenitor,
Wasn't the slither applied?
Before Mr. Daugherty reached his majority,
Or Taff saw so tall and so wide,
They acted mischievously, suffering grievously
Doubtless, for all that they did.
However we group our men—common or supermen—
Each of them once was a kid.
They don't seem so dazzlingly great and sublime,
If we can just vision that, "Once on a time—"

WHEN Harding was creeping,
Or Wilson was sleeping,
Wrapped up in an infantile dress;
When Morgan, the banker,
With babyish rancor
Would howl all the day, more or less,
When Denby and Hoover
Would slyly maneuver
For jam or for cookies ad lib—
When Gompers wore rompers,
And Schwab wore a bib!

SALESMAN SAM

(NEA)

A member of an oriental secret organization in the United States wants six camel's teeth, preferably molars. So he writes to Uncle Sam, Salesman—the Department of Commerce's bureau of foreign and domestic commerce, which acts as a go-between in building up America's foreign trade. The inquiry for camel's teeth is forwarded to the United States consul in Arabia, and doubtless the order will be filled.

The head of an anatomical laboratory recently found his business imperiled by a shortage of skeletons and skulls. He got in touch with Uncle Sam, Salesman, and the bureau put him in touch with a European dealer who was glad to make shipment.

This bureau in Washington, which "makes connections" for our foreign trade, is becoming one of the most interesting branches of our national government.

It is handling about 3000 inquiries a day, compared with 800 a day late in 1921.

These inquiries reveal the wide scope of our business dealings with other countries. The American business machine has an amazing number of wheels.

An ambitious glass manufacturer appeals to the bureau for assistance in making glass eyes without German help. A factory, making pop-corn machines, wants to know the best way to introduce its product into South America.

Extremes meet. One company asks advice about developing orders for hair curlers in South America. And from Africa a shrewd trader writes for the address of some American who can manufacture kink eradicators.

The bureau's work is as useful as it is interesting. It tells a canner why Venezuela will not accept tomato sauce in metal containers. To a hardware manufacturer, it recommends a reliable agent in England. It informs an apurist about the market for hundreds of thousands of cases.

The bureau has become a vast clearing house of information, in building up new foreign markets for American goods. And its rapid growth indicates that there's a lot of foreign trade waiting for the Americans with pep

The World's Need of Truth

"They were as sheep not having a shepherd, and he began to teach." Mark 6:34.
Read Mark 6:30-44.
"A part of the shepherding is feeding and an important part."
MEDITATION: This world needs TRUTH more than any material thing. We are under divine obligation to teach whatever of truth we have made our own through personal experience.

HYMN:
I would live ever in the light,
I would serve thee with all my might,
Therefore, to thee, I come.

PRAYER: Grant us, O Lord, in all our duties thy HELP, in all our perplexities thy COUNSEL, in all our dangers thy PROTECTION, and in all our sorrows thy PEACE, for the sake of Jesus Christ our Savior. Amen.

They Combat the Film

Those people you see everywhere with whiter, cleaner, safer teeth

Go now and ask for this delightful test. Learn how easy it is to fight film on teeth.

You see glistening teeth wherever you look today. Learn how people get them.

There is now a new method of teeth cleaning which millions have adopted. Dentists the world over now advise it. Careful people of some 50 nations now employ it daily. Find out what they know.

That dingy film

That viscous film you feel on teeth is their great enemy. It clings to teeth, enters crevices and stays.

Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film. That's why teeth lose luster.

Film also holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay. That's why few escaped tooth troubles.

Germs breed in film by millions. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles.

Avoid Harmful Grit

Pepsodent erodes the film and removes it without harmful scouring. Its polishing action is far softer than enamel. Never use a film combant which contains harsh grit.

New beauty comes

See what new beauty comes from whiter teeth. Learn the new daintiness that comes from cleaner teeth. You will be amazed and delighted.

Go get this free tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will want those results continued for everyone in your home. Cut out the coupon now.

MURRAYVILLE WOMAN
DIED HERE WEDNESDAY

Mrs. Chester Blimling Passed Away at Passavant Hospital After Brief Illness—Funeral Arrangements Not Complete.

The death of Mrs. Chester Blimling of Murrayville, commencing at 7:40 o'clock Wednesday evening at Passavant hospital in this city, where she had been a patient for only a few hours. Mrs. Blimling was taken ill Saturday and her condition was not at first regarded as serious. However, she gradually became worse and was removed to the hospital in this city Wednesday noon, her death coming a few hours later.

The deceased before her marriage was Miss May Fisher and she was the daughter of Mr. and Mrs. William Fisher, who reside a short distance south of Murrayville. She was born Feb. 16, 1892, and was thus just past her thirty first birthday.

Her marriage to Chester Blimling took place fourteen years ago. For a time they resided in

Concord precinct, later removing to the Blimling homestead a short distance north of Murrayville, which has since been their place of residence.

Surviving are the parents and three daughters, Nina and Tina, aged eleven years, and Margaret, aged four years. There also survive one sister and five brothers: Mrs. Robert Walker of Murrayville; Claude Fisher of Rockford, Ill.; Frank of Racine, Wis.; Lee, Ted and Glenn Fisher of Murrayville. One brother, Tracy Fisher, died while in the overseas service during the world war.

Mrs. Blimling was devoted to her family and home but took an active interest in the welfare of her friends as well, and her comparatively brief life was one which was well spent. Her death comes as a shock to her many friends and relatives, some of whom did not know of her illness.

The arrangements for the funeral have not as yet been completed.

GAVE VIOLIN PROGRAM
AT OAK LAWN

Ex-service men others at Oak Lawn listened with great pleasure to a violin given Wednesday evening by Mrs. Benton Neims. The concert was arranged as one of a series under the direction of the Red Cross. Mrs. Neims quite sustained her reputation for real artistry with the bow. The accompanist was Mrs. Hutchison Norris who is now in the city a guest at the home of her mother, Mrs. J. K. Long.

Mrs. Neims' program included the following numbers: Gavotte—Gossec. Minuet—Beethoven. Rondino—Kreiser. Tambourine—Gossec. The Old Refrain—Kreiser. Serenata—Moszkowski.

ADVERTISING FOR 8 DAY
GOES TO MERCHANTS

Large red placards and small signs announcing to the world, and Morgan county in particular, that Jacksonville is to have another big dollar day were distributed to co-operating merchants yesterday. The big day is to be Tuesday, March 6.

Quite a number of merchants have been in the big cities trying their hardest to get new things for the local market so that dollar day will be known far and wide as a time when the latest as well as the best for the money may be obtained.

RED CROSS PAPER
NOTES LOCAL RECORD

The Red Cross Courier, nationally known as an organ of the Red Cross societies, mentioned the good work of the Jacksonville chapter of the organization in a recent issue. The publication says:

"The Red Cross executive secretary cooperated with the American Legion Post at Jacksonville, Ill., in making out applications for the new Illinois State bonus for ex-service men. Twenty-five girls from the Cloverleaf Booster club assisted the secretary."

Mrs. J. N. Peters has returned from a brief visit with relatives in Merced, Cal.

EXPECT 200 TONIGHT
AT KIWANIS BANQUET

Program for Annual Open Meeting of Club is Announced—Dinner to Be Served at Central Christian Church at 6:30.

The program outlined for the annual banquet and open meeting of the Kiwanis club this evening at the Central Christian church promises to be one of the best given recently in this city. More than two hundred members and guests of the club are expected to be in attendance. The banquet will be served by the ladies of the church at 6:30, and during the dinner, music will be furnished by Brown's Serenaders.

The Elks' Male quartet will give some special selections. Two vocal numbers will be given by Mrs. A. R. Gregory and Mrs. W. B. Brown. The opening musical program will be followed by the address by Fred High on "Making Service Pay." Mr. High is assistant editor of the Billboard, and a student of business and professional affairs. He has a message for the Kiwanians and their guests which will be well worth hearing.

FILE PETITIONS FOR COUNTY PRIMARY

This is the final date for filing petitions for place on the ballot in the county primary election. Yesterday a petition for nomination for county commissioner on the Republican ticket was circulated by a number of friends of J. E. Osborne, and was filed with County Clerk Ruge.

Mr. Osborne has stated that he could not afford the time to serve but his record on the board has been such that the petitions were circulated in the effort to secure his consent to be a candidate for another three year term.

Petitions were also filed by friends of D. L. Bentley and John W. McDonald, who are candidates for nomination as commissioner on the Democratic ticket.

REMAINS OF FORMER
CITIZEN EXPECTED

The body of the late George Rawlings, formerly of Franklin, was expected in the city last night from Arkansas City, Kansas where he died. The remains were to be taken to the funeral parlors of Arthur G. Cody. No plans for the funeral have been made public.

Mother To-Be!

Do You Realize this Fact?

An eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives. This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

Mrs. Ida Milton, 108 N. Tremont St., Kansas, Ill., says: "I am forced to say something in regard to your wonderful 'Mother's Friend.' Just one application gave me such relief I could hardly realize I was in pregnancy. Before I used it I was suffering with pains all over, and today, I am able to do my house-work with all ease and without pain."

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and readjust themselves with the growing changes during pregnancy, and at child-birth. It should be used for some time before baby comes—the sooner the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid more greases and useless rubs. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit 15c and 30c.

MOLLA MALLORY STILL WINNING

MONTE CARLO, Feb. 28.—Mrs. Molla Mallory and Miss Elizabeth Ryan, the only Americans entered in the Monte Carlo tennis tournament, both won their matches today.

Mrs. Mallory, who is far from her top playing form, had rough going in the first set of her match in the women's singles with Miss May Green of England. But improved as the match went on and took the second set easily. The scores were 6-3, 6-0.

Miss Ryan breezed thru 12 games against Mrs. Rayner, England, without losing one.

Mrs. Mallory, paired with Wallis Myers, and Miss Ryan, playing with Lord Rocksvage, also survived the first round of the mixed doubles, the former pair by default and the latter by winning, 6-1, 6-1.

The gallery which witnessed the Mallory-Green match was the largest in the history of Monte Carlo tennis. Mrs. Mallory always is a drawing card. She is improving daily in her play, but still needs several hard matches before she will be in shape, to meet such a sterling player as Suzanne Lenglen. Her service today was improved in speed and she had a sharper bound and twist to the balls; but the net seemed a few feet too high and the courts much too small.

"I played poor tennis today," said Mrs. Mallory, when she was congratulated on her win. "I haven't played on a dirt court for two years—not since St. Cloud in 1921—and they tell me it takes three weeks to get used to these courts. Well, in three weeks I will be on my way back home. But I am enjoying it immensely."

HANNY HEADS INDIANA TRACK TEAM

Bloomington, Ind., Feb. 28.—Frank M. (Duke) Hanny of Aurora, Ill., has been elected captain of the Indiana university track team it was announced today. He captained the 1922 football team playing end and full back. He is a weight man and holds the university record in the javelin throw.

ILLINOIS CLOSES SEASON WITH WIN

Coach Harmon's Men Reverse Decision on Eureka—Blue and White Played Good Basketball After Getting Started.

Playing a brand of basketball that would have defeated almost any team in the Illinois conference, Coach Harmon's Illinois college five closed its season in a blaze of glory last night by a 48 to 34 win over Eureka college.

Illinois' basketball squad had a peculiar season. Starting off with three victories at the first of the season, one of them over Carthage and one over Drury college of Springfield, Mo., the blue and white looked like title contenders.

Then came a complete reversal of form. Starting with a defeat by St. Louis University, Illinois College never got on her stride again until just before the close of the season. Every game was lost until the team hit Lombard, one of the strongest minor college teams in the state.

Then Illinois did the unexpected by giving Lombard a sound drubbing on her own floor. It was a clean win with no allbills available on the part of the Lombard team.

Last night's game was the close of the season for Illinois and the last basketball game for Capt. Mellon and Hiatt. Eureka had previously won from Illinois and expected to repeat. However, Illinois was determined to make the last game a win and put it over, to the great delight of the large crowd of spectators.

However, it looked for a time as tho Illinois fans were going to be disappointed. After the first tipup, Eureka started in and scored eight points before Illinois broke the ice. Then Illinois got started and finally tied the score at 12 all. At the last half the score was 26 to 22 in favor of Illinois.

Illinois continued her good work in the second half and kept her lead, tho Eureka cut it down somewhat until just before the close of the game Illinois came thru with several good baskets. Dale, Mellon, Roberts and Hiatt did the scoring for Illinois. Hoskins played a whale of a game on defense especially in the second half when Kirby who had done most of the scoring for Eureka in the first half was stopped completely. The score:

Illinois:	F. G.	F. T.	T. S.
Hiatt, f.....	2	0	2
Dale, f.....	8	2	10
Mellon, c.....	6	2	14
Roberts, g.....	7	0	14

ELKS WIN OVERTIME GAME FROM ASHLAND

Local Tossers Take Place of Dokays and Defeat Opponents—Seymour Starred for Elks.

Taking the place of the Dokay basketball team the Elks tossers journeyed to Ashland last night and defeated the independent team of that city by a score of 25 to 21.

The Dokays had the game hooked but the team is shot to pieces with sickness, several of the men working in the New Berlin game being good candidates for the hospital. For this reason the Dokays were unable to make the trip.

However, Ashland fans had the opportunity of seeing one of the best games played in that place this season. When the final whistle sounded at the end of the second half the score was knotted at 21 all.

In the five minutes overtime period Seymour negotiated two field baskets putting the game on ice for his team.

Ashland had a good squad and but up a stubborn defense. Its center has grown up in the air 6 feet 8 inches. Despite this height he was outjumped by M. Woods of the Elks squad. The Elks in addition to their offense which was shown in good working order put up an excellent defensive game. The score:

Elks:	F. G.	F. T.	T. S.
Zell, f.....	1	0	2
Seymour, f.....	8	0	16
M. Woods, c.....	0	0	0

DISTRICT TOURNEY WILL OPEN TONIGHT

Three Games Are Scheduled For This Evening Play—Jacksonville-White Hall Game Friday Morning.

The annual district high school basketball tournament will open in David Prince gymnasium this evening. Three games are on the schedule and play probably will start at 7 o'clock.

Versailles and Chantersville will open the tournament with Pleasant Hill and Waverly clashing in the second game. While none of these games promise to prove exciting, tho you can never tell what will happen in a basketball game, the usual overflow crowd will be present to help observe the occasion.

The greatest interest however, centers in the White Hall-Jacksonville game Friday morning. It is the fourth game on the schedule and the first game of the day. It is probable that the winner of this game will be in the finals as the teams are recognized as the strongest in the tournament. Both teams express confidence of winning, the neither is making any brags about it, as each had great respect for the other's basket ball ability.

The officials for the tournament this year are Brockman of Jerseyville, University of Illinois man and Jacoby of Alton. Brockman is well known here and a favorite with both fans and players. Nothing is known of Jacoby but he will without doubt prove satisfactory.

All preliminary arrangements have been made for the opening. The high school band will furnish music for the occasion and the girls will provide plenty of lunch during the three days of play.

THIS IS THE "WURST" WE HAVE HEARD YET

Berlin, Feb. 28.—By The A. P.—Berlin's sausage supply is threatened, and anxiety over the "wurst" temporarily, at least, has crowded out the worry over the coal situation. A partial strike of the livestock skinner followed by a lockout instituted by the employers' association has made thirty seven sausage and meat canning factories idle, and fears are being expressed for the city's fresh meat supply.

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Bethel, Wis.—My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 93 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the Vegetable Compound."—Mrs. W. G. MONSON, 1515 Park Ave., Beloit, Wis.

LUNCHEON GIVEN AT WHITE HALL SCHOOL

Pupils in Domestic Science Department of High School Serve Attractive Menu to Members of Association.

White Hall, Feb. 28.—A handsome affair in the demonstration of cooking and serving of luncheon was held in the dining room of the high school Tuesday afternoon under the direction of Miss Mildred Brown, who takes rank as an expert in domestic science affairs. Pupils of Miss Brown did the demonstrating, and the guests comprised a party of thirty members of the Domestic Science association.

The menu was composed of fruit cocktail, veal croquets, mashed potatoes, creamed peas and carrots, baking powder biscuits, butter, orange marmalade, Waldorf salad, cheese straws, bread almond Charlotte, sponge dross, coffee. This is an annual affair that has developed into an important function in the promotion of matters of domestic concern.

The results of the luncheon will be considered by the guests at a meeting of their organization, meaning that a generous amount of results will accrue from this gathering, the results of which reflect splendidly upon the womanly qualities and accomplishments of Miss Brown, than whom no better domestic science specialist has ever graced the faculty of the White Hall high school.

FORMER MEREDOSIA GIRL BECOMES BRIDE

Miss Anna Easley and Frank Hodges' United in Marriage at Pittsfield.

Meredosia, Feb. 28.—The many friends of Miss Anna Easley were surprised by the announcement of her marriage to Frank L. Hodges, which took place Saturday night at 8:30 at the home of Mr. and Mrs. Charles Johnson in Pittsfield.

Rev. William M. Haley, pastor of the Perry M. L. church read the impressive ceremony.

Miss Ruth M. Ducey and John Caughlan were the attendants.

The bride is the youngest daughter of Mrs. Sarah J. Easley of Meredosia, and was born and reared in the vicinity of Barry and Beverly. Following her graduation from the Meredosia high school she began work in the newspaper office of that place and later entered the office of the Barry Adage where she learned to operate the Linotype machine. She then returned to Meredosia where she was for a year and a half foreman of the Meredosia Budget.

About two years ago she went to Pittsfield and has since been machine operator at the Republican office where she has proved her efficiency.

Mr. Hodges is the son of Mrs. Mary Hodges of Perry and has followed the printers trade for years, having held responsible positions both in St. Louis and Springfield. He and his bride worked together in the Barry Adage office a few years ago and later at the Republican office. At present he is with the Pike County Times. Mrs. Hodges will continue to hold her position. They will room at the home of Mrs. Charles Johnson.

The young couple have the best wishes of a host of friends in Meredosia.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a stated meeting this evening at 7:30. Work.

Telephone Talks

Good telephone service largely depends upon the close co-operation of three individuals—the person calling, the operator and the person called.

Our operators are trained to follow practices which have been adopted after years of careful study.

Subscribers can aid in securing good service by always consulting the telephone directory to make sure they have the right number, by speaking slowly and distinctly with lips close to but not touching the mouth-piece and by answering the telephone promptly.

CITY TOUR MAPPED BY TOURIST COMMITTEE

Will Take in All Points of Interest in the City.

A Jacksonville "City Tour" was mapped out yesterday at a meeting of the Tourists' Reception Committee at the Chamber of Commerce headquarters at two o'clock in the afternoon. This "City Tour" will take in all the points of interest in the city and will be indicated by signs to be placed all over the town. M. A. Hubert is the chairman of the Tourists' Reception Committee and the other members include G. B. Andre, L. S. Reid, H. E. Wheeler, G. T. Douglas and Thomas M. Doyle.

The "City Tour" will take the following route around the city: Start in front of the Chamber of Commerce; proceed to West State street going west past the four churches to Fayette street, affording views of the High School

and David Prince school, north on Fayette street to Lafayette avenue past the Capps' Wagon Mills; west on Lafayette to Prairie street; south on Prairie to West State street; west on West State to east entrance of Duncan Park; thru Duncan Park past the Governor Duncan Memorial Home; thru the west entrance of the park to Webster avenue; south on Webster past the Illinois School for the Deaf, west on West College avenue and out on to the proposed hard road; south to the Norbury Sanitarium, turning at the circle of the sanitarium and back to West College avenue past Illinois College.

The tour then proceeds east on College avenue past the David Strawn Art Home and the Public Library to South Main street; south on South Main street to the Jacksonville State Hospital, circle the grounds and out on to South Main street, proceeding south and east to Nichols Park; circle the park, back by way of Hardin avenue to Michigan avenue; north to East College avenue to Johnson street past the Powers-Beggs Packing plant; East State street west, passing the Illinois School for the Deaf, Passavant hospital, Our Saviors' hospital and church, Rount College and Illinois Women's College.

Oval Shaped Signs
Oval shaped boards probably will be used as the signs to mark this city tour. The board will be black and will have "Jacksonville City Tour," painted on it in white letters. A raised red enamel letter will pass thru the letters indicating the direction of the tour. Six large sign boards are to be placed at the six entrances to the city telling of the population of Jacksonville, naming points of interest and informing tourists that we have a tourists' camping ground with boating, bathing, fishing, and golfing facilities. These signs will be electrically lighted at night.

The Chamber of Commerce tourists' committee expected to secure the cooperation of the Rotary and Kiwanis Clubs and the City Park board in this movement. It is also planned to build several octagon stoves on the camping site this year. These stoves will be constructed of brick and will enable six people to cook on them at the same time, each camper building a separate fire for his own use in one part of the stove. The Tourists' Reception committee will meet the early part of next week to make further plans for welcoming the crowds of tourists that are expected to pass thru our city this season.

INCOME TAX FACTS

No. 25.
Failure or "willful refusal" to file an income tax return and pay the tax in time subjects the delinquent to heavy penalties. For failure to file a return on time—on or before March 15, 1923—a taxpayer becomes liable to a penalty of not more than \$1,000. A further penalty of 25 per cent of the amount due may be applied, unless a later return is filed, and it is satisfactorily shown that the delinquency was due to a reasonable cause.

"Willful refusal" to make a return and pay the tax on time is punishable by a fine of not more than \$10,000 or one year's imprisonment, or both, together with the cost of prosecution and a penalty of 25 per cent of the amount of the tax.

If any installment of the tax is not paid when due the whole amount of the unpaid tax becomes due and payable upon notice and demand by the collector of internal revenue. If not paid within 10 days after such demand a 5 per cent penalty accrues with interest at the rate of 1 per cent a month until paid.

When a return is made in good faith and understanding of the amount is not due to any fault of the taxpayer, no penalty attaches. If the understanding is due to negligence, but without intent to defraud, there is added 5 per cent of the total amount of the deficiency, plus interest at the rate of 1 per cent a month from the time the tax was due.

BASKETBALL TOURNEY AT WOMAN'S COLLEGE

A basketball tournament is to be staged at the Woman's College on Tuesday, Wednesday and Friday of next week under the auspices of the Athletic Association. Four all-college teams have been picked and they will compete for the championship. Miss Margaret Hamilton, instructor in the department of Physical Education, is in charge of the coaching and managing of the tournament. The game will be played at seven thirty o'clock in the College gymnasium on the evenings of March 6, 7 and 8, and are to be open to the public.

Captains have been chosen for the four teams and the teams have been named for the captains. Avis Murphy is the captain of Murphy's Monkeys; Eleanor Jane Dinmore is the captain of Dinmore's Demons; Maurine Gilpin is the captain of Gilpin's Gorillas and Helen McPherson captains Mac's Fearsomes.

The line ups for the different teams are as follows:
Murphy's Monkeys—Murphy, side center; McKinnie, center; Lasar and Viek, forwards; Munson and Rodgers, guards.

Dinmore's Demons—Dinmore guard; Thompson, guard; Bradley, center; Stedley, side center; Hasenstab and Hall, forwards.

Gilpin's Gorillas—Gilpin, center; Keys, side center; Potter and Agger, guards; Merdith and Betcher, forwards.

Mac's Fearsomes—McPherson and Dowd, guards; M. Ombre, center; Roark and Moor, forwards; Pfendler, side center.

Subs—Bly and Tull, centers; Jones and Weber, side centers; Purl, Stevenson, Larimore, guards; Dagley and Pires, forwards; Leach, side center.

The first game on Tuesday night will be between Gilpin's Gorillas and Dinmore's Demons. The Wednesday game will be between Murphy's Monkeys and Mac's Fearsomes. The championship game will be played Friday night.

TO STAGE PHI DANCE TOMORROW EVENING

Annual Society Hop to Be Given By Sophomore Members—Hall Is Beautifully Decorated—Nearly One Hundred Guests Expected.

The annual Phi Alpha hop, given under the auspices of the Sophomore members of the society, will be held tomorrow evening in the society hall on the Illinois college campus. Elaborate preparations for the affair are being made by a committee consisting of George Govert, Dale Stingley and Otis Smith.

The decorations will be in the Phi Alpha colors, blue and white. The main hall and club room have been cleared of chairs and other furnishings, and a large floor is provided. Brown's orchestra will furnish the music. Sixteen dance numbers are on the program, including a favor dance and a dinner dance. The favors will be white carnations, the society flower.

Thirty-five to forty couples are expected to attend. The hours are from 8:30 to 12 o'clock. Refreshments consisting of ice cream, macaroons and punch will be served during the evening. The programs have been attractively gotten up, and will bear the Phi Alpha emblem stamped in blue on a white background.

Market Report

SPECULATORS IN COMPLETE CONTROL

Day's total sales 1,056,000 shares.

Twenty Industrials averaged 103.90; net gain 111.

High 1923, 103.90; low 96.35.

Twenty railroads averaged 85.56; net gain .03.

High 1923, 90.43; low 84.53.

Bond sales, par value, \$12,070,000.

NEW YORK, Feb. 28.—Speculators for the advance were virtually in complete control of today's stock market bidding up prices in all sections of the list.

Heavy pool operations were aided by an enlarged public demand in certain issues in which favorable dividend developments are reported to be pending.

Industrial averages were at the highest levels since the spring of 1922.

Sales of copper and zinc at 16½ and 7½ cents a pound respectively the highest prices since the fall of 1920.

Withdrawal by the American Woolen company of all its fall lines with the announcement that its entire mill capacity had been disposed of and the encouraging nature of the weekly steel and iron trade reviews all contributed to the more optimistic sentiment of professional traders.

The higher local federal reserve discount rate which had been temporarily depressing effect on prices appears to have been nullified by lower rail money rates and the plethora of funds available for stock and business purposes.

Short coverings accelerated the rise in Baldwin, which touched 138½ and then fell back to 138½, where it was up 2½ points on the day.

Railroad shares moved within comparatively narrow limits. St. Paul common moved up 1½ points on publication of the January report showing a net income of \$1,825,000 as against a deficit of nearly \$500,000 in January, 1921, was one of the features.

Call money held at five per cent. Time loans of two and four months' maturities were made at 5½ per cent with renewals at the same figure. The ruling rate on prime commercial paper is five per cent.

Trading in the foreign exchange market was quiet with the ruling rates slightly below those of yesterday.

There was a marked slump in several U. S. Government bonds. Except for the uncertainty regarding the terms of the government's next financing, no special reason was apparent for the further liquidation of the war and post war bonds.

The First and Second 4½s dropping 24 and 26 cents on \$100, respectively and the other active issues showing losses of 2 to 20 cents.

Chicago Live Stock Market
Chicago, Feb. 28.—U. S. Dept. of Agriculture—Cattle—Receipts 11,000. Beef steers moderately active. WHEAT AVERAGES HIGHER IN PRICE

CHICAGO, Feb. 28.—With the government weekly crop report showing drought in the west and southwest as well as damage elsewhere from the recent cold wave, wheat averaged higher in price today. Profit-taking sales led to a reaction at the last. Prices closed unsettled at 1c net decline to 1c advance, May \$1.18½ to \$1.18½ and July \$1.15½ to \$1.15½. Corn finished unchanged to 1c higher, oats up 1c to 1c and provisions varying from a setback of 5¢ to 1c to a gain of 2c.

On the upturn in the wheat market July and September rose to within about 2c of the highest prices, which the new crop deliveries have reached this season.

There was persistent buying of both the new crop months and it was noticeable that the discount for July as compared with May was tending to become narrower. Expectation that farm legislation at Washington would be pressed quickly to a vote in the house had a further bullish effect and so did predictions that farm deliveries for the next two months would be light.

Reports that Germany had obtained all the wheat which would be needed in that country during the next four months and that Russia was offering rye 3 to 5¢ cheaper than American offerings were partly responsible for the late selling of wheat. Bears contended that a prospective heavy carry-over supply of wheat at the end of June would make consumers less dependent than usual on the new crop early in the season.

Corn responded to talk of farm reserves being light and to signs of better demand from the seaboard. Offerings of oats were meager.

Provisions were upheld as a result of some lard buying on a foreign account.

SUPPLEMENTARY DRIVE STARTED

The supplementary membership drive for the Chamber of Commerce is on and the members of the committee in charge are interviewing prospective members. Letters are also being sent out from the organization headquarters to all the business and professional men in the city who are not already members, asking them to join the Chamber of Commerce.

At the Pep Meeting held on Monday of this week cards were given out to any one in the audience who would aid in the securing of new members for the organization. These men are making personal visits to prospective members and are acting as a clean up committee for the campaign. The regular committee in charge of the membership drive includes J. H. Dial, A. G. Cody, Rev. W. H. Marbach, W. T. Harmon, Dr. A. B. Applebee and A. C. Metcalf.

Give the Child's Foot a Chance

Do not confine and cramp it in an improperly designed shoe. A good shoe should contain the following features:

1. PROPER SHAPED SOLE. The shape nature has given us, cannot be improved upon.

2. FLEXIBILITY. This encourages the muscles of the foot to exercise, so they will remain strong and healthy.

3. BEST MATERIAL AND WORKMANSHIP. This insures a shoe which will wear well and look well on the foot of your child.

NATURE SHAPE SHOES include the above features, being designed and constructed to fit the foot of the growing child. We take extra pains in the fitting of these plastic feet.

HOLD INQUEST OVER WAVERLY MERCHANT

Jury Find that Frank Zoll Died By Own Hand—Section Crew Find Body Along Burlington Track.

The body of Frank A. Zoll, a Waverly grocer, was found about 7:30 o'clock Wednesday morning lying at the side of the C. E. & Q. track about a half mile south of Waverly. The engineer of a freight train reported that he saw a man's body lying near the track and the section foreman and several men investigated. Zoll was found with a .35 caliber revolver lying near his hand, and with a bullet thru his head. A. L. Harney, a hardware merchant of Waverly, identified the gun as one which he sold Zoll Tuesday. In the statement of his reason for buying a gun, the grocer stated that he was purchasing it for self protection.

These facts were brought out in the inquest held Wednesday afternoon by Coroner C. A. Rose at the undertaking parlors of Swift & Beatty. The verdict of the coroner's jury was as follows: "Frank A. Zoll came to his death by a shot from a .35 caliber revolver held in his own hand, with suicidal intent." The jury consisted of: W. R. Turnbull, foreman; G. B. Goldsmith, R. E. Carter, C. B. Farmer, George Bland, and Ralph Withee, clerk.

Frank A. Zoll was born in Waverly, where he was engaged in the grocery business for many years. He was the son of Mr. and Mrs. John Zoll. He is survived by two brothers, John and George Zoll, and two sisters, Mrs. Charles North and Mrs. Dave Van Dever, all of whom reside near Waverly. It is supposed to have led Zoll to take his own life. For many years he has been troubled with rheumatism, which gave him considerable worry and pain.

Miss Aretha Henry of south of the city spent the early part of the week visiting at the home of Miss Irene Bryant on North West street.

HAS FAITH IN THIS CITY'S FUTURE YEARS

Editor of Decatur Herald Makes Interesting Comments on Jacksonville.

W. F. Hardy, editor and one of the owners of the Decatur Herald, in the Sunday Herald wrote a few paragraphs based upon his recent visit to Jacksonville, when he was in conference with the members of the city plan commission.

Mr. Hardy has a column in which under the caption "As I view the Thing," he records some very interesting thoughts on a variety of subjects. In the issue referred to, however, fully half a column has been devoted to Jacksonville, and it will be very gratifying to local people to have a testimonial from such a source to the city.

Mr. Hardy in addition to being a schooled newspaper editor is a man of liberal learning and broad culture. For a number of years he has been identified with most of the forward movements in his home city and the words "forward" and "vision" have quite a large place both in his vocabulary and his life. It need hardly be said that he is not a man who gushes, and he is not given to promiscuous compliments. His Jacksonville reflections are quoted herewith:

I own up to a sort of grand-motherly weakness for making visits, and there's no community and no folks that I like to visit more than Jacksonville and Jacksonville people. I think I can still detect some of the New England traditions in this pretty little town whose principal industry—education, was started by the Yale band many decades ago. And then Jacksonville has given a lot to Decatur, Howard Schaub, Jerry Donahue and E. P. Irving to mention a few of the men that had their start in Illinois college, and some of our finest women.

I like the spirit of Jacksonville. It's a town where civic spirit has awakened after a rather long sleep and after some pretty bad municipal mistakes.

It has finally solved its water problem, and it has paved with asphalt miles of those beautiful broad, elm-lined streets, and has a big program ahead.

Mayor Edgar E. Crabtree told the people that they'd better not re-elect him unless they wanted to pay some paving assessment. The mayor is a candidate for reelection with no opposition. He told everybody that two terms were enough and they all agreed that to ask him to make a further sacrifice would be an imposition. So while he was out of town his friends circulated a petition to put his name on the ballot and gave him a hearty laugh when he came home. Apparently nobody would think of running against him. Mayor Crabtree receives no salary, but he has no election expenses.

The city is so poor that it couldn't buy an aerial for the fire department and this was partly responsible for the spread of the fire in the business block on the square. Now the merchants have chipped in and raised part of the money and the mayor thinks that they can get the apparatus.

Jacksonville has gone in for city planning and for diversification of industries. It has three colleges, and believes that it will be an even better educational center if it has more factories. This is just what President Harker, the veteran head of the Illinois Woman's College told a few of us Wednesday. Dr. Harker never forgets a pupil. He inquired about Mrs. Edith Haines, Mrs. C. Martin Wood and Mrs. Walter Mills, all of whom were students under him and whose friendship formed in college days, has had a very beautiful continuance.

Good roads are going to mean a lot to Jacksonville. For one thing they are going to make it accessible to busy and charitably inclined millionaires. This is a phase that I never had thought of until Dr. Harker mentioned it. "I've succeeded in getting some wealthy men here to look over our institutions," said Dr. Harker, "but there are others whom I have approached that told me they simply could not take the time to come to a town served by a slow train, and involving the necessity of changing cars. Now, with good roads they can run up from St. Louis in their machines in no time." I hope that Dr. Harker gets them.

I say again, that I like Jacksonville. It is not destined to be one of the biggest cities in Illinois, but it is one of the best cities to live in, and I'm for it not merely because it's trim and tidy, but because it has a wholesome admiration for its water and a respect for our go-ahead-fiveness.

REMAINS OF G. W. RAWLINGS ARRIVE

The remains of George W. Rawlings arrived on the 9:35 C. & A. passenger Wednesday evening from Arkansas City, Ark., and were taken to the funeral parlors of Arthur G. Cody. Today the body was taken to the home of Thomas Oxley.

Funeral services will be held at 11 o'clock Friday morning from the North M. E. church, with interment in Providence cemetery.

WOULD FORM PLAN TO HEAT BEECHER HALL

Students Make Plan Thru "Rambler" For Some Way of Heating Beecher hall at Illinois College Societies—Assistance Must Come from Alumni.

A plea for the installation of a modern steam heating system in Beecher hall at Illinois college is voiced in the current issue of the "Rambler." Be Beecher hall is the home of the four college literary societies, and at present the building is heated by means of stoves and gas heaters.

At the beginning of the present term, a committee from the societies asked the college to devise some plan by which the building could be heated. As a heating system would cost several hundred dollars, the college could not see its way clear to assist the students in the matter at this time.

Argument for the heating system are set forth in an editorial in the "Rambler," and it is suggested that some plan be formed by the alumni and students for heating the building. The editorial reads in part as follows:

"The societies have always managed to get along with this primitive method of heating, and they can continue to do so in the future if it is necessary. However, they will be of greater usefulness to the students if they are better equipped. During the winter the halls are used only once every other week, since they are too cold for use. If they were warm and comfortable students would go there to prepare their parts on the programs. The thousands of volumes of books would be given some practical use instead of being used only for ornamental purposes. The halls would be refuges of study from the over-crowded college library. Members of the debating teams would go there to work on their debates in privacy. In short, the halls would be of everyday use to their members, with the elimination of the present danger of fire to the building.

Some plan should be formulated by which a new heating system for Beecher hall be possible. If necessary the members of the societies should contribute toward paying the expense. The men should assist in the actual work of making the attachment to Crampton. By this co-operation between college and students Beecher should have heat next winter. Beecher is the home of four literary societies. It should be made a modern and comfortable home. The students can not do it alone.

We have observed the benefits of the societies to the college and to the students. The college keeps this fact in the eyes of the public. Anything that is worth recognition is worth supporting. If the college has the conviction of the worth of the societies to boast of their usefulness it should have the courage to help them in their need.

STRAWN SALE WAS HELD YESTERDAY

Sale Was For Purpose of Disposing of Surplus Stock—Sale Totaled About \$2,500.

Joel and Elmer Strawn held a sale for the disposal of surplus stock at their farm near Alexander Wednesday. The sale was well attended and satisfactory prices prevailed.

CHANGE IN STATE JOURNAL OWNERSHIP

Announcement has just been made that Lewis H. Miner has sold his interest in the Illinois State Journal to S. Leigh Call and William H. McConnell. Messrs. Call and McConnell have been associated with Mr. Miner in the ownership and operation of the property for a number of years and have now become the sole owners.

Mr. Call will be the editor of the Journal and Mr. McConnell will continue as the business manager. Mr. Miner retires after many successful years of identification with the Journal, and he ranks as one of the best known newspaper men in Illinois. With passing years the State Journal has attained a place of prominence not only in Illinois but the Mississippi Valley states. Mr. Call and Mr. McConnell have had much to do with the progress made in recent years, and no doubt under their ownership the Journal will be developed into a still more valuable property and increase its already wide influence.

Mrs. Lee Griswold and Mrs. Cora Baldwin were among Wednesday visitors in the city from White Hall.

Mrs. D. V. Gwody of Virginia is spending a few days in the city visiting with her daughter, Mrs. Roy Powell at her home in the Cherry Apartments.

MODERN HEALTH IDEALS

The above is to be the subject discussed at the Congregational church forum next Sunday night. The speaker will be Dr. Allen Craig, assistant director of the American College of Surgeons. The organization which Dr. Craig represents in conjunction with the American Hospital Association and the American Catholic Hospital Association, has been making a systematic campaign for a number of years for better surgeons and better hospitals in which to do better work.

For many years the American Medical Association has worked for better medical education. Dr. Craig will show how the ideals for which these national organizations have labored in their several fields only serves as the background for "Modern Health Ideals" which touch every walk in life and every individual in the nation.

The Journal commends the spirit of this church in bringing noted specialists to discuss the progressive topics of the day. The lecture next Sunday night will be one of interest and importance to every citizen.

SINCLAIR COUNTRY CLUB MET YESTERDAY AFTERNOON

The regular meeting of the Sinclair Country club was held Wednesday afternoon at the home of Mrs. Vol Sevier near Sinclair. No very extensive program was carried out during the afternoon, as several of those who were to appear were unable to be present on account of sickness.

The main feature of the program was a paper on "Ella Flagg Young" given by Mrs. Clyde Martin, the paper being followed by interesting general discussion. Various matters of routine business were given attention and later came a pleasant social hour when the hostess served refreshments.
